

New Liberty My Account

In October, Liberty will introduce a new My Account web portal to make it easier to do business with Liberty and to make your service more convenient. This platform will provide easy online access to account information and offer new payment options.

Here is some important information you need to know about the change:

-  **New bill** – In October, you'll receive a refreshed, easy-to-read bill. It will feature a new usage chart that will provide detailed information. Please see the back of this letter for a bill sample.
-  **Your account number will change** – Your new account number will be shared on your October bill. If you use your bank's online bill payment service to pay your Liberty bill, you'll need to edit the payee information to include your new account number.
-  **Online billing history** – The new portal will build your billing history beginning with your October 2023 bill. If you need access to billing history before October 2023 and you are a current paperless billing customer, you can temporarily access bills from the current paperless billing portal, otherwise please call our customer care center.

You'll also have more options, new helpful tools, and easier access:

-  **Usage information** – See your usage history, compare to previous months and see how your usage was affected by temperature.
-  **Account information** – See your balance, payments applied and next payment due date. Make a payment directly from My Account.
-  **Paperless billing and automatic payments** – Get rid of the clutter and sign up for paperless billing. If you want to make things even easier, set up automatic payments so you don't have to worry about missing a payment.
-  **Notification preference center** – Choose how and when to receive account notifications from us, such as when your bill is available or a payment is due.

Learn more at libertyenergyandwater.com or scan the QR code

Here is a sample of what your new monthly bill will look like, beginning with your October 2023 bill. There will be a definition of terms and other information on the back of the bill.

Here is where you'll find your new account number. Use this number when you call, write or email us with a question, or to make a payment.

Here is the address of your gas service.

To avoid late charges, please pay your bill by the due date.
