

Waive Your Deposit Fee

Paperless Billing/Autopay Setup

Residential customers who enroll in our paperless billing autopay program can have their deposit fee waived when starting services.

Paperless billing is a convenient, secure, and environmentally friendly way to view and pay your monthly bills and automatic payments provide ease-of-mind that you don't miss a payment.

1. Select the My Account menu tab on your State's homepage (located at the top right corner), then select Go Paperless. Click Log in or Sign Up Now to access the e-Bill site.
2. You are now on the e-Bill site.
Existing customers - enter username/password
New customers - select Sign Up Now!
After creating a profile, adding account information and accepting the terms and conditions you have created an online account and will **ONLY** receive paperless bills going forward.
3. From the main account screen, customers can set up Autopay and View the Current Balance. Please note, no bills before the sign-up date will be available for viewing under My Account.
4. Once Autopay has been selected, you are taken to the Preferences tab. You will want to select On Due Date to allow time for bill review before payment is drafted.

Please note, if your account was already billed and mailed as a paper bill prior to setting up your online account, you will need to make a one-time payment for the first bill. Bills generated after you complete account set-up will be sent as a Paperless Bill.
5. If at any time you wish to change back to Paper Billing, refer to the My Profile tab and select Remove beside all account numbers. If you choose to switch to Paper Billing, a deposit may be assessed to your account based on payment history.
6. If you signed up for automatic payments to have your deposit waived, please email us at customerservicemidstates@libertyutilities.com, or call 1-855-872-3242 so we can confirm the setup and remove the deposit charge from your account.
